

Dear North Park Faculty,

We are so pleased you are part of our special community. On North Park's website we feature faculty profiles so they can be shared with prospects, applicants, students, and alumni. Reading and learning about North Park's accomplished faculty helps to build a connection with our internal and external communities.

Please use the appropriate link to access an easy-to-complete questionnaire to capture your noteworthy professional achievements and light-hearted personal anecdotes.

If you are new to North Park and haven't completed your faculty profile please access this link:

If you already have completed a questionnaire but have updates (i.e. new publications) to your profile please access this link:

Thank you for your participation and feel free to contact UMC team member Mara Perlow with any questions [mperlow@northpark.edu](mailto:mperlow@northpark.edu).
